RAILROADS ASK FOR RATE INCREASE

20 Per Cent. for Passengers 8 to 10 for Freight

MILK CARRYING 24 to 31

Increases Asked, in Addition To Higher Rates Recently Asked For, To Yield Additional \$1,017,000.

Washington.—To provide the additional revenues necessary to meet the \$60,000,000 increase in wages awarded by the Railroad Labor Board the railroads of the country proposed to the Interstate Commerce Commission that passenger rates be advanced 20 per cent, and freight rates 9.13 per cent, in addition to the 2.76 per cent, previously requested. They also proposed to increase milk rates 50 per cent, be made on Pullman fares, that excess baggage rates be increased 20 per cent, and that milk tariffs be increased to the same level as freight rates.

Should the increases just proposed be granted, the additional cost for granted in full, existing freight rates would be advanced 3.69 per cent, and the nation's freight bill would be increased by \$1,355,370,670. The total wage increase, including the railway executives' plan would be \$232,827,982 annually. Pullman charges would go up \$4,629,344 a year, and the cost of milk would be increased by \$1,652,089 and excess baggage rates would be advanced by 120.95.

The plan presented by the railroad executives disclosed that they have already obtained the wage award at approximately \$1,355,370,670, and that the \$1,650,000 figure quoted by the Labor Board, Alfred P. Thom, general counsel of the Association of Railmen, was based on the basis of executive allowances provided in the award.

The proposal of the executives was submitted to the commission by Mr. Thom after a conference with its members. It had been worked out at a meeting of the railroads and railmen held since the announcement of the wage award by the Labor Board at Chicago last Tuesday.

The commission made no comment on the basis of executive allowances provided in the award.
